

Transition Update #2 - April 25, 2007

Since the last update on April 18, the UTS Board of Trustees has been actively contacting potential candidates for the Interim Presidency. We now have a solid list of viable candidates, and are going through the process of determining interest and availability with each of them.

In addition, board members with appropriate skill sets are being identified to become more active in the day-to-day life of the school by participating with the Senior Staff in leadership activities during the transition period.

Marge Putman, Chair
UTS Board of Trustees
