

Transition Update #6 - May 30, 2007

The list of candidates for the Presidential Search Team will be presented to the board of Trustees for approval on Friday, June 1. The expectation is that this team will begin meeting in early June. It has representatives from the board, faculty, staff, students, and the community.

The proposed transition team and process will also be presented to the board on Friday. This will lay out the school leadership that will be in place after July 1, when Dr. Zeiders moves to his new appointment.
